**SEC. 4005. DUPLICATION DETERMINATIONS BY THE CONGRESSIONAL BUDGET OFFICE.**

(a) **DEFINITION.**—In this section—

(1) the term “covered bill or joint resolution” means a bill or joint resolution of a public character reported by any committee of Congress (including the Committee on Appropriations and the Committee on the Budget of either House);

(2) the term “Director” means the Director of the Congressional Budget Office;

(3) the term “existing duplicative or overlapping feature” means an element of the Federal Government previously identified as an area of duplication, overlap, or fragmentation in a GAO duplication and overlap report;

(4) the term “GAO duplication and overlap report” means each annual report prepared by the Comptroller General under section 21 of Public Law 111-139 (31 U.S.C. 712 note); and

(5) the term “new duplicative or overlapping feature” means a new Federal program, office, or initiative created under a covered bill or joint resolution that would duplicate or overlap with an existing duplicative or overlapping feature.

(b) **DUPLICATION DETERMINATIONS.**—For each covered bill or joint resolution—

(1) the Comptroller General of the United States shall, to the extent practicable—

(A) determine the extent to which the covered bill or joint resolution creates a risk of a new duplicative or overlapping feature and, if the risk so warrants, identify—

(i) the name of the new Federal program, office, or initiative;

(ii) the section of the covered bill or joint resolution at which the new duplicative or overlapping feature is established; and

(iii) the GAO duplication and overlap report in which the existing duplicative or overlapping feature is identified; and

(B) submit the information described in subparagraph (A) to the Director and the committee that reported the covered bill or joint resolution; and

(C) publish the information prepared under subparagraph (A) on the website of the Government Accountability Office; and

(2) subject to subsection (c), the Director may include the information submitted by the Comptroller General under paragraph

(1)(B) as a supplement to the estimate for the covered bill or joint resolution to which the information pertains submitted by the Director under section 402 of the Congressional Budget Act of 1974 (2 U.S.C. 653).

(c) **ESTIMATE BY DIRECTOR.**—If the Comptroller General of the United States has not submitted to the Director the information for a covered bill or joint resolution under subsection (b)(1)(B) on the date on which the Director submits the estimate for the covered bill or joint resolution to which the information pertains under section 402 of the Congressional Budget Act of 1974 (2 U.S.C. 653), the Director may, on the date on which the Comptroller General submits the information to the Director, prepare and submit to each applicable committee the information as a supplement to the estimate for the covered bill or joint resolution.

**SEC. 4006. BREAKDOWN OF COST ESTIMATES BY BUDGET FUNCTION.**

Any cost estimate prepared by the Congressional Budget Office shall specify the percentage of the estimated cost that is within each budget function.

**SEC. 4007. SENSE OF THE SENATE ON TREATMENT OF REDUCTION OF APPROPRIATIONS LEVELS TO ACHIEVE SAVINGS.**

(a) **FINDINGS.**—Congress finds the following:

(1) H. Con. Res. 448 (96th Congress), the concurrent resolution on the budget for fiscal year 1981, gave authorizing committees reconciliation instructions which amounted to approximately two-thirds of the savings required under reconciliation.

(2) The language in H. Con. Res. 448 resulted in a debate about how reconciling discretionary spending programs could be in order given that authorizations of appropriations for programs did not actually change spending and the programs authorized would be funded through later annual appropriation. The staff of the Committee on the Budget of the Senate and the counsel to the Majority Leader advised that upon consultation with the Parliamentarian, the original instructions on discretionary spending would be out of order because of the phrase, “to modify programs”. This was seen as too broad and programs could be modified without resulting in changes to their future appropriations.

(3) To rectify this violation, the Committee on the Budget of the Senate reported S. Con. Res. 9 (97th Congress), revising the congressional budget for the United States Government for fiscal years 1981, 1982, and 1983, to include reconciliation, which revised the language in the reconciliation instructions to change entitlement law and “to report changes in laws within the jurisdiction of that committee sufficient to reduce appropriations levels so as to achieve savings”.

(4) This was understood to mean changes in authorization language of discretionary programs would be permissible under reconciliation procedures provided such changes in law would have the result in affecting a change in later outlays derived from future appropriations. Further it was understood that a change in authorization language that caused a change in later outlays was considered to be a change in outlays for the purpose of reconciliation.

(5) On April 2, 1981, the Senate voted 88 to 10 to approve S. Con. Res. 9 with the modified reconciliation language.

(b) **SENSE OF THE SENATE.**—It is the sense of the Senate that committees reporting changes in laws within the jurisdiction of that committee sufficient to reduce appropriations levels so as to achieve savings shall be considered to be changes in outlays for the purpose of enforcing the prohibition on extraneous matters in reconciliation bills.

**SEC. 4008. PROHIBITION ON PREEMPTIVE WAIVERS.**

In the Senate, it shall not be in order to move to waive or suspend a point of order under the Congressional Budget Act of 1974 (2 U.S.C. 621 et seq.) or any concurrent resolution on the budget with respect to a bill, joint resolution, motion, amendment, amendment between the Houses, or conference report unless the point of order has been specifically raised by a Senator.

**SEC. 4009. ADJUSTMENTS FOR LEGISLATION REDUCING APPROPRIATIONS.**

The Chairman of the Committee on the Budget of the Senate may revise the allocations in effect under section 302(a) of the Congressional Budget Act of 1974 (2 U.S.C. 633(a)) and the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution for any bill or joint resolution considered pursuant to section 2001 containing the recommendations of one or more committees, or for one or more amendments to, a conference report on, or an amendment between the Houses in relation to such a bill or joint resolution, by the amounts necessary to accommodate the reduction in the amount of discretionary appropriations for a fiscal year caused by the measure.

**SEC. 4010. ADJUSTMENTS TO REFLECT LEGISLATION NOT INCLUDED IN THE BASELINE.**

The Chairman of the Committee on the Budget of the Senate may make adjustments to the levels and allocations in this resolution to reflect legislation enacted before the date on which this resolution is agreed to by Congress that is not incorporated in the baseline underlying the Congressional Budget Office's September 2020 update to the Budget and Economic Outlook: 2020 to 2030.

**SEC. 4011. AUTHORITY.**

Congress adopts this title under the authority under section 301(b)(4) of the Congressional Budget Act of 1974 (2 U.S.C. 632(b)(4)).

**SEC. 4012. EXERCISE OF RULEMAKING POWERS.**

Congress adopts the provisions of this title—

(1) as an exercise of the rulemaking power of the Senate, and as such they shall be considered as part of the rules of the Senate and such rules shall supersede other rules only to the extent that they are inconsistent with such other rules; and

(2) with full recognition of the constitutional right of the Senate to change those rules at any time, in the same manner, and to the same extent as is the case of any other rule of the Senate.
